

MADE IN EUROPE

- + Capacity: 294 bottles*
- + Vinotag compatible** 
- + Free standing installation
- + Design: black
- + Cooling system: compressor
- + Adjustable temperature range of use: 8°-18°C
- + Electronic regulation
- + Thermometer with electronic display
- + White LED lights with switch button
- + Electronic display hygrometer
- + 1 glass door, anti-UV treated, 2-layers tempered glass (black-colored) with lock

WINE AGEING

By reproducing the conservation conditions of an underground cellar, the DIVE wine cellar gives you the opportunity to age your wines at home. Temperature, humidity, vibrations, air renewal and light protection are concentrated in this wine cabinet.

WINE GALLERY

Sublimating wine is the DNA of the brand which has equipped the DIVA cellar with side lighting, on each side of the inner cabinet, for optimal presentation. Equipped with multi-size bottle shelves, the cellar accommodates all types of wine. The numerous compatible accessories allow the cellar to display your wines like an art gallery concentrating your finest selection.

SECURITY

Access to the wine collection is protected from the outside by a lock. A winter system prevents bottles from freezing during the winter.

PRECISE MONITORING

The digital control panel allows you to adjust the temperature while the hygrometer allows you to monitor the exact humidity level inside your cellar.

Eco-responsibility

Our products are manufactured in compliance with European environmental rules. Especially, refrigerant fluid (R600a) doesn't reject neither CFC nor HFC and respect environment.

Energy consumption is calculated based on the result obtained for 24h in standard test conditions. The actual energy consumption depends on the conditions of use and location of the device.

This equipment is designed to be used in an ambient temperature between 10°-32°C.

This appliance is intended to be used exclusively for the storage of wine.

Alcohol abuse is dangerous for health, please consume in moderation.

*Capacity given as an indication with 75cl Bordeaux traditional type bottles and measured with 5 shelves. Adding shelves reduce considerably the total capacity.

**Thanks to the Vinotag® application, benefit from a digital register of your wine cellar and be alerted of the peak dates of your wines. In partnership with Vivino, scan your bottle to access its pre-filled wine sheet.

> EQUIPMENTS INCLUDED

- 5 fixed wooden shelves , ref: PREMIUM 1/70
- 1 carbon filter , ref: FILTRE1
- 2 adjustable feet (height 4 cm)
- 2 wheels
- 1 active charcoal filter
- Anti-vibration system

> TECHNICAL CHARACTERISTICS

- Energy class: G
- Annual electrical consumption: 195 kWh
- Climatic class: SN-N
- Noise level: 37 dB
- EEI: 167.9
- Voltage: 220 V
- Power input: 97 W
- Category: 2 - Wine cellar
- Type of gas: R600a

> SAFETY

- **Anti-freeze security:** ensures a positive temperature in your cellar and prevents the freezing of your bottles in winter
